

345 | WALKAROUND

- THE 345 WALKAROUND -

ALL THE LUXURY OF A LARGER YACHT.
NOW AVAILABLE IN A SMALLER VERSION.

The 345 Walkaround is a smaller version of the yacht you've dreamed of owning. But it's shockingly big on features and luxury. With a galley, separate head with shower and large forward berth area, it's perfectly designed to be an overnight boat. The forward u-shaped settee was designed to maximize space, includes a hi-low table that can become a filler and there is ample room to store the filler for the berth as well. But don't let all that fool you because this is also the perfect day boat. A dive door with a fold-out ladder makes for easy access in and out of the water while an aft-facing seat beside the helm console and larger seating inspires interaction. For fishability, the 345 Walkaround delivers with above deck corner bait wells in the aft and a folding rear seat that disappears for more space. In other words, it's big on everything you'd want. Neatly packaged in a size you've been hoping for.

LENGTH: 34' 6" / BEAM: 10' 6" / FUEL CAPACITY: 320 GALLONS / WATER: 30 GALLONS

THE INTREPID 345 Walkaround
