**407 NOMAD SE & FE**

**THE 407 NOMAD SE**

LENGTH: 40' 0" / BEAM: 11' 1" / FUEL CAPACITY: 703 GALLONS / WATER: 50 GALLONS

**THE 407 NOMAD FE**

LENGTH: 40' 0" / BEAM: 11' 1" / FUEL CAPACITY: 703 GALLONS / WATER: 50 GALLONS
The 407 Nomad SE (Side Entry)

Available in two configurations, both models feature a large fuel capacity so you can go farther and stay longer. And with our revolutionary step hull, you can do it in unrivaled comfort and at exceptional speed. The more modernly designed SE is built with a side entry to the head. It’s ideal for entertaining yet still has plenty of room for fishing. And thanks to a fully customizable helm seat station, you can cook up your catch right there.
The 407 Nomad FE (Front Entry)

Boasting a more traditional Intrepid design, the 407 Nomad FE is designed with a front entry into the head and includes many of the same features as the SE. It has a large fuel capacity, a superbly smooth, stable ride and an impressive amount of added space in the aft cockpit and beyond. Which is perfect if you’re in the mood for lounging or ready for a spirited battle with the fish.
