POWERBOATS

ONE OF A KIND. ONE AT A TIME.

- THE 427 NOMAD FE -

IF YOU CAN DREAM IT,
WE CAN BUILD IT.

Like you, every Intrepid is one of a kind. A unique creation. Custom designed, hand-crafted, styled, and equipped to realize your personal vision of the ultimate powerboat. One that's perfect when you say it is.

MORE OF EVERYTHING.

Our new 427 Nomad FE answers the call for a roomier and more powerful center console, one that offers a combination of performance, comfort, and versatility not found anywhere else on the water.

42' 7" PLATFORM | 12' 8" BEAM | TWIN TO QUAD ENGINES | 700 GAL. MAX FUEL | 80 GAL. WATER

GO FARTHER. *Get there faster. Stay longer.*

It starts with a beamier, longer hull, perfectly balanced to accommodate the twin to quad engine configurations that let you get where you're going sooner and give you and your crew more time to enjoy on the water.

Along the way, our signature composite stepped hull design provides the incomparably smooth, dry ride, and sure-footed handling, that put Intrepid in a class by itself.

MORE PROTECTION FROM THE ELEMENTS, *as you travel in signature comfort and style.*

An expanded helm seat station features a composite T-top, full-height glass windshield with wiper, and an actuated helm sole platform that elevates the captain up to 4 inches, providing optimum visibility and maximum protection from the elements.

The wide console also offers abundant real estate for your favorite array of today's larger, flat-screen electronics, not to mention additional storage, and endless opportunities for customization.

► Standard electric aft sunshade system helps keep everyone cool.

► Full-height glass windshield provides maximum visibility and protection from wind, rain, and spray.

► Expanded console creates space for even the largest flat-screen electronics.

A VERSATILE PLATFORM *for whatever activity or adventure you desire.*

The infinitely customizable cockpit features an amazing amount of ingeniously integrated storage space. Options include rod lockers, tackle stations, fish boxes, above-deck lighted bait wells, fender storage compartments, dive tank racks, and more.

Your choice of an optional grill station and sink, plus refrigerators/ice makers, coolers, and electronics invite you to customize the boat of your dreams.

► Twin transom baitwells with windows and optional rear bench seat that folds away when it's time to fish.

► Hydrophilic swim platform with ladder

PREMIUM SPORT YACHT FEATURES. *Because that's just the way we roll.*

When it's time to get in the water, the 427 Nomad FE offers numerous convenient options!

Twin transom dive platforms are complemented by our signature swing-in, hullside dive door with fold-out ladder. On the other side of the cockpit, we've added an innovative new feature from our flagship 477 Evolution Sport Yacht that owners absolutely love: a spacious new hydraulic hull platform with fold-out ladder and grab bars that makes it easier than ever to stage up your dive gear, and for one person to assist another in getting in and out of the water. You're welcome.

► Luxurious twin sun lounger rises to reveal a huge, fully insulated, dual fish box-storage locker underneath.

MORE COMFORT FOR FAMILY & FRIENDS, *from luxurious loungers to a hideaway head and shower.*

Luxurious forward seating includes dual adjustable sunpad loungers with a huge storage locker underneath. The bow offers two more electric backrest loungers, with an actuated high-low table/filler for when it's mealtime or additional lounge area seating when you're ready to kick back and relax.

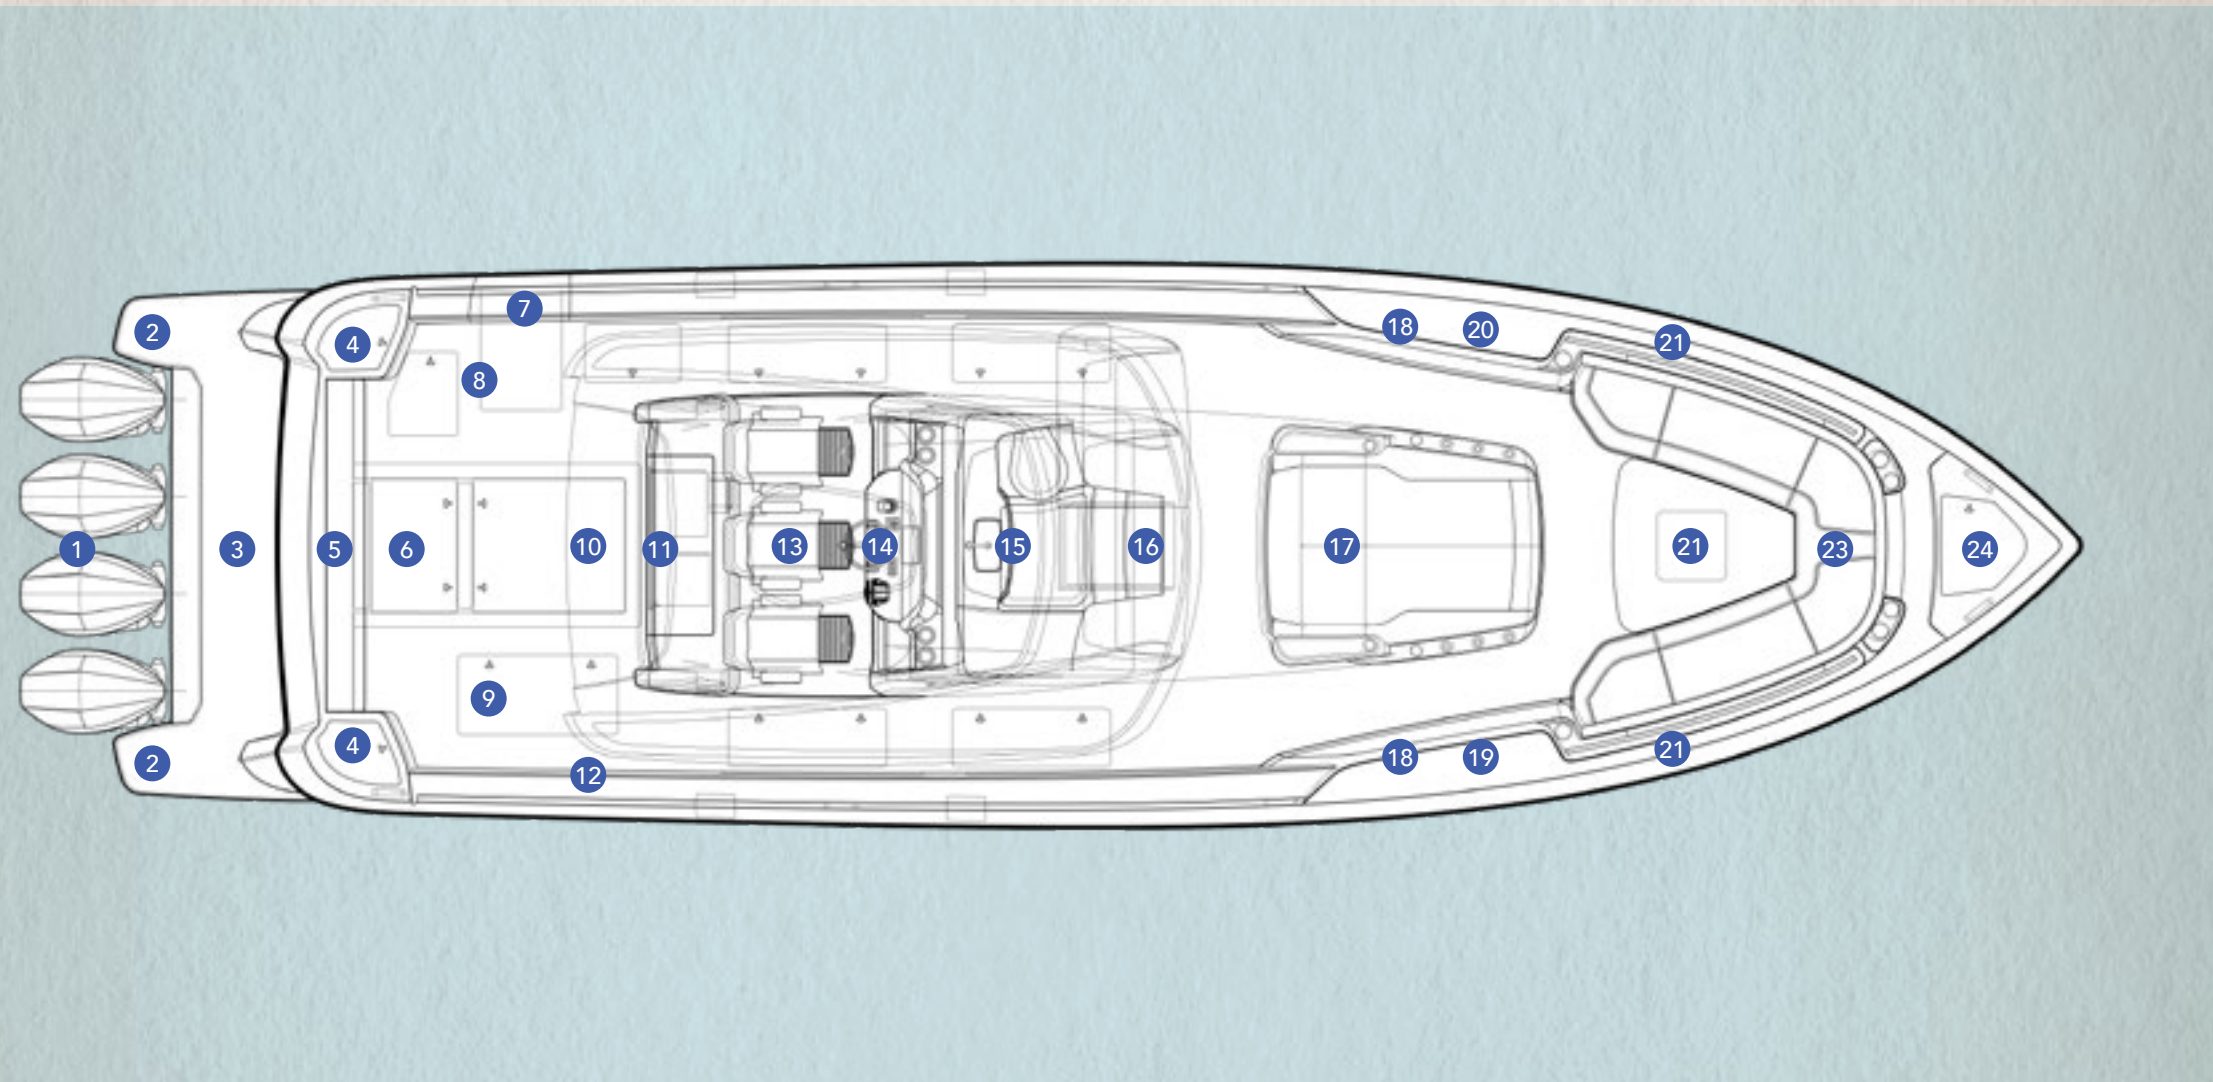

The FE on this expansive new Nomad stands for the front entry to a spacious hideaway head beneath the helm station. Exceptional comfort and privacy come courtesy of a separate head and freshwater shower, with lighted vanity, sink, and hanging locker with ample storage for toiletries and towels.

► Forward seating with electric backrests and high-low table that creates a spacious sunpad or goes flush in the floor when fishing.

THE 427 NOMAD FE.

The larger center console that does it all.

1. Twin, triple, and quad engine configurations maximize aft cockpit space, as opposed to the space lost with traditional inboard applications.
2. Standard dual dive platforms with a boarding ladder. This fulfills the “means of solo re-boarding” which is a recommendation of the American Boat and Yacht Council; a safety essential other builders forego.
3. Convenient large service platform in front of engines makes maintenance quick and simple.
4. Port and Starboard aft above deck storage or optional rigged baitwells with windows makes fishing this aft cockpit more convenient and roomier by not stealing valuable cockpit space.
5. The standard integrated folding rear seat is comfortable and convenient. It easily folds away and disappears when it's time to fight some fish in the aft cockpit.
6. Mechanical access hatches to all transom rigging, pumps, etc.
7. Hull side dive door, an Intrepid trademark, with our latest lift up/rotate design that doesn't take up valuable cockpit space while in the open position. And, it also allows for easy dockside boarding.
8. Fold-out ladder conveniently stows under the cabin sole and when deployed it allows for easy entry and exit from the water in through the hull side dive door.
9. Access to foam insulated fish box/storage.
10. Large storage compartment or generator seakeeper location.
11. Aft cockpit cabinet designed to your needs. A). Refrigerator/Icemaker/grill/sink/slide out cooler B). Fishing station
12. Hydraulically actuating hullside platform.
13. From electric bench seats, individual Captain's chairs, to racing bolsters... we've got you covered.
14. The all-new full windshield console gives you maximum protection from wind and rain and makes space for even the largest of electronics.
15. Front entry separate head with shower, solid surface countertop, and storage with hanging locker.
16. Large dry storage compartment under seat.
17. Forward lounge/electric backrests/deck storage/sunpad/fish box.
18. Pull out drawer storage.
19. Tilt out trash and dock line storage.
20. Tilt out dive tank or fender storage.
21. Large rod locker/storage compartments.
22. Adjustable high-low table that converts to sunpad.
23. Wrap around forward seating w/electrically actuating backrests for comfort.
24. To preserve the clean lines of the foredeck, we designed the optional windlass under an easily accessible hatch with plenty of storage below for your rode and chain.

PHENOMENAL COMES STANDARD. *Ordinary is the only option that remains unavailable.*

STANDARD FUEL: 700 Gallons / BEAM: 12' 8" / LENGTH: 42' 7" / WATER: 80 Gallons

► *Separate head with shower, vanity, sink, and hanging locker.*

► *Optional windlass under hatch provides clean lines and plenty of storage for chain and rope.*

► *Large service platform in front of engines makes maintenance quick and convenient.*

STANDARD EQUIPMENT

- 427 Nomad FE Enclosed Premium FRP Hard Top, Glass Windshield, Power Vent, Wiper, Helm Seat Cabinet, Separate Head and Storage Below
- Aluminum Fuel Tank – Main 530 Gallons
- Bilges Painted Urethane Hi Gloss White
- Bow Eye
- Bulkheads and Stringer Grid System Composite Fiberglass
- Custom Synthetic Flooring in Head
- Guttered Cockpit Hatches with Self Bailing Cockpit
- Heavy Duty Vinyl Rub Rail
- Hybrid Vinyl Ester Resin
- Integrated Engine Motorwell
- Intrepid Hi-Flex White/White Gel Coat
- Marine Grade Copper Tinned Wiring
- Non-Skid Deck and Gunwales
- PVC Foam Core, Vacuum-bagged, Non-Woven Multi-directional and Uni-directional Fibers, Infused and Hand Laid
- Seacocks on thru-hulls below waterline
- Solid Stainless Steel Hardware
- Spacious Console w/Head Below
- Belloca Steering Wheel – Stainless Steel w/Deluxe Knob
- Thru-Hull Fittings – Bronze Below Waterline
- Thru-Hull Fittings – Stainless Steel Above Waterline
- Electric Head with Macerator for Holding Tank (20 Gallons)
- Custom synthetic floor on aft engine platform
- Fender Storage (3) – Port Forward
- Trash Bin – Strb Forward
- Fresh Water Supply to Head
- Fresh Water System – Pressurized (80 Gallons)
- Hullside Door Swing In with Fold Out Ladder
- Sunshade on Aft of Top Electric
- Actuated Helm Sole Platform – 4" High

INTREPID CUSTOMER SERVICE. *As legendary as the boats themselves.*

Once you receive your new custom Intrepid, your relationship with us doesn't end -- far from it! As a member of Intrepid Nation, you become family, and we will always be here to support you and your boat. We love hearing your stories, getting your feedback, and maximizing your Intrepid experience.

Whether it's the day you first step aboard or 20 years and 20,000 nautical miles later, we go above and beyond to take care of you and your boat with the world-class customer care our owners have come to expect from Intrepid.

“ We take every Intrepid we build personal. It's not just a boat, it's a reflection of who we are as craftspeople. ”

Ken Clinton
